

Stand package „BIM@ISH“

See for yourself at the meeting place for future-oriented systems and intelligent building planning.

ISH is the hotspot for intelligent building-system technology. At the BIM@ISH special show, visitors experience the BIM process live in a practical, hands-on manner. All disciplines involved in construction meet at ISH. Around 25,000 planners, engineers, architects, building operators and investors are looking forward to an exchange of ideas and information between architects and an opportunity for networking.

Stand package available in 2 sizes:

- | | |
|---------------------|------------|
