Dear Journalist,

you can apply for accreditation online and, using this Messe Frankfurt online registration service, print out your press ticket and parking permit at home or in the office.

The procedure is as follows:

For your visit to the fair in Frankfurt, simply register at

<http://akkreditierung.messefrankfurt.com>.

In doing so, you will create an account with your individual access data and can thereafter apply for accreditation for any of our events at Frankfurt Fair and Exhibition Centre without having to enter any personal information again. All you have to do is upload proof of your status as a journalist and we will then send you confirmation of accreditation. Subsequently, you will be able to download your press ticket (and, if required, your parking permit) from your online account. Naturally, your press ticket also counts as a ticket for local public-transport services operated by the RMV public-transport authority during the press ticket's period of validity.

Do not hesitate to contact us should you have any questions. We will be pleased to help.

With best wishes from Frankfurt,

Technology & Production Press Team
