

stand package: Drinking Water Compliance Forum

The Drinking Water Compliance Forum is a curated platform for knowledge exchange, guidance, and high-quality networking focused on drinking water compliance.

The event brings inspection bodies, certification agencies, laboratories and consulting partners together with companies seeking solid answers – right in the heart of Hall 4.1 at ISH, the world's leading trade fair for HVAC+Water.

Exhibiting at the Drinking Water Compliance Forum affords multiple opportunities to interact with your target contacts, be it at your own display stand, while presenting on stage, in the networking zone or through communications in the special area.

With the 6sqm package, you'll receive a fully set-up presentation space at the Drinking Water Compliance Forum. What this means for you: more time to focus on your meetings, your expertise and your contacts – we'll provide the right setting.

Complete package: 6 m² presentation space in the special area

All-inclusive price: complete package including stand space, stand construction and equipment, media package, environmental contribution, plus AUMA fee and VAT.

Exemplary layout / design

6 m²: EUR 6.000 plus AUMA fee and VAT.
